Palestinians bathe in the Mediterranean as temperatures soar in Gaza City, on June 9, 2025. Israeli forces seize the sailing vessel Madeleine, part of the Freedom Flotilla Coalition (FFC), approximately 185 kilometers off the coast of the Gaza Strip. The vessel is intercepted in international waters in the Mediterranean Sea and is expected to be towed to the port of Ashdod, Israel. Israeli naval commandos board the ship, and according to official statements, the activists on board will be deported to their respective countries. (Photo by Majdi Fathi/NurPhoto)
