A thick layer of smog seen developing at Zakhira on December 2, 2021 in New Delhi, India. With several areas in the 'severe' category, Delhi NCR air pollution has worsened again. On Thursday morning, while the overall Air quality Index (AQI) was recorded at 312 (very poor category) in Delhi, in other states of the National Capital Region (NCR), the AQI crossed 400 (severe category).
Delhi NCR Pollution Worsens, Air Quality Severe In Many Parts, New Delhi, DLI, India - 02 Dec 2021
