EXCLUSIVE: October 28, 2023 - Be'eri, Israel: 21 days after the fatal attack on Be'eri Kibbutz, where more than 100 Hamas terrorists entered the Kibbutz and brutally murdered at least 130 members of the Kibbutz. Several members of the Kibbutz were abducted by Hamas to Gaza. To this dentist's clinic in the Kibbutz injured members of the Kibbutz were evacuated. In the clinic were a young paramedic woman Amit Mann (22), a nurse and a doctor, who tried to treat the injured and save lives. The young paramedic texted her family and sent voice messages that were published, in which she describes to her family what's going on, with the injured and with the terrorists in the area. Amit was under siege for 6 hours, hoping to be rescued but was finally murdered. Starting early in the morning of October 7th, missiles were shot to Israel from Gaza while Hamas terrorists invaded Israeli settlements around Gaza, murdering and kidnapping hundreds, including hundreds of young participants at the outdoor party Nova. Casualties count thus far is more than 1,400, injured - more than 3,800, abducted - 229 soldiers and civilians, missing more than 100 people. (Ziv Koren/ Polaris) (FOTO:DUKAS/POLARIS)
