Title
Israeli farms recover after October 7 attack
Creation date
20231119
Caption
EXCLUSIVE: November 19th, 2023 - Nir Yizhak, Israel: A farmer feeding a calf with a bottle. Dairy farms in the Gaza Envelope area, adjoining the Gaza Strip, which were brutally attacked on October 7 by Hamas. A few days later volunteers from dairy farms from other parts of the country came to help the few locals who stayed to work and were unable to care for the farms by themselves. The area is controlled and protected by the IDF and only soldiers and farm workers are allowed to be there. (Ziv Koren/Polaris) (FOTO:DUKAS/POLARIS)
