The M72 anti-tank grenade launchers are present during the exercise federation 'IRON DEFENDER-25' at the Deba Army Training Center in Nowa Deba, Poland, on September 18, 2025. 'IRON DEFENDER-25' is the codename for the largest exercise federation. It is one of the most important planned training events for the Polish Army in 2025, involving approximately 30,000 soldiers from all branches of the Polish Armed Forces and NATO allies. The exercises are conducted on land, in the air, and in the Baltic Sea. (Photo by Klaudia Radecka/NurPhoto)
