Title
Deserted Nagdhunga Check Post After Floods In Nepal
Creation date
20251005
Caption
Passengers are stranded at the Nagdhunga check post, one of the main exit points from Kathmandu, Nepal, on October 5, 2025, after continuous rainfall triggers floods and landslides, blocking major highways and disrupting transport routes across Nepal. Despite clear skies returning to the valley, movement remains restricted as authorities work to reopen roads and manage traffic flow in the aftermath of the disaster.
