### Caption

September 28, 2017 - Mosul, Iraq: Iraqis do some reconstruction work in the Western part of Mosul. Mosul old town, in the eastern part of the city, is where Islamic State fighters made their last stand. Iraqi forces backed by US air strikes had to completely destroy this part of Mosul to decisively defeat IS jihadists. More than two months after the end of the battle of Mosul, dead bodies are still visible in the ruined streets and Iraqi forces fear booby traps and IEDs in this part of town.
