### Title

FEATURE - Jährliche Tierzählung im Londoner Zoo

### Creation date

20200102

### Caption

Zookeeper, Martin, begins counting the Humbolt Penguins at the at ZSL London Zoo,Äôs annual stocktake.

A requirement of ZSL London Zoo,Äôs license, the annual audit takes keepers almost a week to complete and the information is shared with other zoos around the world via a database called Species360, where it,Äôs used to help manage the worldwide conservation breeding programmes for endangered animals.

ZSL London Zoo is home to more than 580 species, from Endangered Asiatic lions to Critically Endangered Chinese giant salamanders, and we,Äöre working not only here in the Zoo to increase their numbers, but on conservation projects around the world too.
