EXCLUSIVE Beverly Hills, CA - Charlie Sheen and his loyal group of soldiers planned out the excavation of his trailer from the Warner Bros. lot in Studio City. Charlie pulled out a map and detailed their course of action on to the studio lot. After hours of careful planning, the team, dressed in army gear and Charlie himself wearing a "red beret" left his Beverly Hills mansion and headed for the studio. They were successful in retrieving the trailer and are seen celebrating inside once they drove it off the lot. Charlie is set to go on tour at the beginning of April, with his first stop being in downtown Detroit, MI.
